Grand Jury To Present Report To Court Today

After a grand jury report at 10 A. M. today, Commonwealth's Attorney G. F. Abbitt, Jr. will decide if evidence justifies a request for indictments in connection with alleged vice conditions in Appomattox County. Thirty-eight witnesses have appeared before the grand jury since circuit court convened on Tuesday morning. The jury was in session two days and was ready to report this morning.

In an effort to break-up alleged vice conditions, County Sheriff D. T. Robertson asked the court to make a study of a situation said to exist in an area in the county.

Eight indictments were returned by the grand jury and six cases have been disposed of. Another case is set for Friday, one for December 7, and two appeal cases are set for hearing on October 27.

Old Market Prices Steady

Steady to higher prices were paid last week for most grades of Old Belt flue-cured tobacco. Quality continued to drop. Volume was fairly heavy on Monday and Friday, but somewhat light the remainder of the week.

According to Virginia Department of Agriculture, gross sales for the week ending October 1 amounted to 28,251,172 pounds, with an average price of $55.47 per hundred.

Although most average prices were higher, lower quality offerings pulled the general average down 63c from the previous week. Season sales were raised to 56,532,315 pounds, at an average of $55.47.

Receipts of the Flue-cured Stabilization Corporation under Government loan program were around 9.5 per cent of gross sales. Season deliveries were approximately 11 per cent.

YOUNG FARMERS MEET

The Appomattox Young Farmer Association held a regular meeting in the vocational agriculture department of the Appomattox High School Monday evening, October 4.

Sam Davidson, president, presided and W. L. Motley served as acting advisor. The next meeting of the Appomattox YFA is scheduled for Wednesday evening, October 20. The topic will be "Wildlife Conservation."

REGULAR MEETING OF LEGION AUXILIARY

The regular meeting of the American Legion Auxiliary, Unit 104, will be held at 8:00 P. M. on October 11. Legion Auxiliary Girls who attended the Girls State will give a report on their trip. All members are urged to attend.

...vision is to assure utilization of a maximum amount of the county's acreage allotment which always is substantially lower than the normal wheat acreage of recent years, the chairman said.

The county ASC committee will accept released 1955 wheat allotments up until but not later than November 1, 1954. Farmers who want their 1955 wheat allotments increased from released acreage also must file an application with the county ASC office not later than November 1, 1954.

Mr. Rush cautioned wheat farmers to be absolutely certain that they will not seed part or all of their 1955 wheat allotments before they release the acreage. He reminded farmers that compliance with the 1955 wheat allotment, regardless of size, will be required for farms to share in assistance under the Agricultural Conservation Program. Furthermore, compliance with the 1955 wheat acreage allotments will be required to obtain price support on wheat.

Rainfall Record for Month of September

Rainfall here during the month of September amounted to only 1.55 inches. That was the smallest rainfall in several months and left Appomattox well behind last year in total rainfall, and last year was known as a drouth year.
